BY NIYAMA

### In-Residence:

15th December 2024 - 31st January 2025

With a background in Journalism and Law from the University of Delhi, Ivanka turned her passion for silver into Oonth, a growing jewelry label in India. A certified gemologist, crystal healer, and yoga instructor, she blends these disciplines to explore the meditative qualities of silver and gemstones.

Ivanka's workshops combine handcrafted jewelry with mindfulness, promoting relaxation, mental clarity, and personal growth. Working with gemstones adds an extra layer, fostering emotional balance and spiritual well-being through each stone's unique healing properties.
